Good

The Nightingale ethos

At Nightingale we are committed to delivering the highest standards of care to all our residents in a safe, secure and caring environment. We recognise that entering a care home can be difficult for all concerned and we aim to make the transition as stress-free as possible by giving all the assistance we can.

Our passion is to provide the highest quality, dignified, residential care for all our elderly residents. We believe it is of the utmost importance that the individual needs, wishes and choices of our elderly care residents are always upheld and respected. We also welcome all residents and their families who wish to help us to continue to make Nightingale a better place to live.

The Home

Nightingale Care Home is situated very close to the centre of the charming village of Edwinstowe in the heart of Robin Hood country.

The home was originally a school and has been sympathetically repurposed and extended. The property features landscaped grounds including a sensory garden for the residents' enjoyment and patio areas for sitting out and enjoying fresh air and sunshine.

Our Team

Nightingale Care Home is supported by a qualified and experienced care team, led by our Home Manager. The team includes skilled nurses and caregivers who are on duty 24 hours a day, seven days a week.

We continually invest in training our team to help them develop and gain NVQ qualifications in care. This helps us to continue to improve the care provided to all residents.

We are very proud of the long length of service of many of our team, which helps us to provide a stable and caring environment for our residents. We also have specialist team members to provide an extensive and innovative activities programme to encourage residents to enjoy their stay to the full.

Features of Nightingale Care Home

- Attractive and personal bedrooms
- 49 single bedrooms
- All rooms have en-suite facilities, with many having wet rooms
- All rooms are double glazed to reduce noise and draughts
- 24 hour call system for contacting team in all rooms
- Television points in all bedrooms to watch what you want, when you want
- Bespoke furniture and furnishings are provided, but we encourage residents to bring anything they would like with them to help them feel at home
- Communal patio and beautiful garden areas
- Several assisted bathrooms and toilets
- Spacious, comfortable residents' lounge and two smaller lounges to relax in
- Spacious Dining Room for meals or eat in your room if you prefer
- Sensory Room
- Residents and visitors' kitchen for loved ones to make their own refreshments
- Passenger lift to access the first floor
- Ample car parking for visitors
- Freedom for visitors to get involved with the home and contribute to the care and activities

Services offered

- Long stay residential care
- Nursing care
- Respite care (to give regular carers a break or allow individuals to try out the home)
- Individual care plans for all residents
- All medications administered as per Doctor's instructions
- Well balanced, nutritional meals with fresh fruit, vegetables, meat and home baked cakes (special diets and personal preferences catered for)
- Regular and varied activities and social programme and events, exercise classes, games and external visitors and petting animals
- Regular visits from members of the clergy
- Personal laundry service

Some of the additional services available

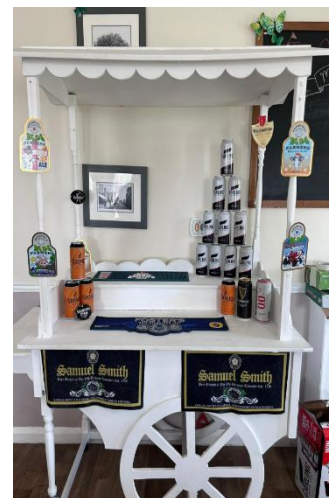

- Hairdressing service
- Access to a chiropodist
- Daily newspaper service

Maintaining high standards

Nightingale and Nursing Care Home is registered and approved by the Care Quality Commission (CQC), the body empowered by the Government to regulate care homes. They inspect Avenue House regularly to ensure that high standards of care are maintained and the reports they publish can be viewed on their website www.cqc.org.uk.

In addition, Nightingale Nursing and Care Home is a part of the Jasmine Healthcare Limited group, the management of which make regular visits to the Home. This helps the Manager of the Home to ensure that the high standards of the group are being maintained and that improvements in the service and facilities are continually being sought and implemented.

Further information

The best way to decide if Nightingale Nursing and Care Home meets your needs or your relative's, is to come and have a look around and get a feel for the friendly and homely environment we provide. This will give you the chance to meet and talk with our team and residents and their friends and families, or even just to sit out and relax in one of the gardens!

We also offer respite care facilities so if you would like to try the service for a short period of time either as a one-off or from time to time as needed, this is possible. If you would rather talk to someone before coming to see us, please feel free to call the Home and ask for the Manager. They will be able to give you any further information you would like about the Home and arrange a free no obligation taster day.
